

April 2026 - Volume 2

Nuwelcom Kids Hub is Coming!

Sponsored by

Phase one of development is complete on Kids Hub. In May, we launch the information for Baseball, Softball and all Arts on PEI on the Nuwelcom app. Download it now!

BASEBALL & SOFTBALL

Building the Kids Hub is the largest addition we have created on Nuwelcom. It will take 12 months to complete. Phase one is about to be published in May. It will include contact information about all Baseball and Softball on the Island. It will be the only stop needed to get all information on games, practices, notifications for these sports. Of course, it will be free for Nuwelcom Users.

We are planning to have information about all sports and arts activities for kids on the Island available on the app by the end of the year.

19000+ people on PEI visit Nuwelcom every day. Want to reach them? We can help. Write to sales@nuwelcom.com

BUILDING STRONGER COMMUNITIES FASTER

ALBANIAN LANGUAGE NOW AVAILABLE ON NUWELCOM

The Albanian community on PEI is small and growing. Thanks to the recommendation of our friend, Fidan Feta, we found the best translation system and added that language. Do you have a language that you would like to see added to our app? Tell us about it. Write to hello@nuwelcom.com with your suggestion.

Gjyzela Tetova, left, said she has been overwhelmed by the kindness shown to her family by co-workers like Carly Shields, centre, and Darlene Taylor at SkillsP.E.I. in Charlottetown. Tetova's hometown of Durres, Albania, was devastated by an earthquake. Although members of her family were not injured, Tetova's co-workers at SkillsP.E.I. and at the Confederation Centre Public Library immediately sprung into action and organized fundraisers to help raise money for their immediate needs. - Dave Stewart PHOTO BY DAVE STEWART /Dave Stewart

Events and Jobs

are free to post on Nuwelcom. If you are hosting an event, tell our 19,000 users (as of today!) about it for free. Go to www.nuwelcom.com and post your event now! If you would like us to post your whole event calendar, we can do that. Write hello@nuwelcom.com

WELCOME BACK SPONSORS!

We are delighted to welcome back the Island Waste Management Corporation as the sponsor of Waste Management in the Community section and FAST CAMPAIGN from the Heart and Stroke Foundation of Canada sponsoring Physical Health in the Well Being Section.

WELCOME CERTIFIED PROFESSIONAL ACCOUNTANT ATLANTIC SCHOOL OF BUSINESS

Find out more under COLLEGES in the EDUCATION section of Nuwelcom app.

The Nuwelcom Discount Club is Coming!

Thank you to everyone who participated in our survey this winter. We asked you what you wanted discounts on, and you told us. The top three items you wanted a break on were groceries and restaurants and coffee shops. No surprise!

We are gathering a wonderful collection of local businesses who will be offering discounts to Nuwelcom users starting in June.

Currently all Nuwelcom users will qualify for the discounts. We are almost at the maximum number of businesses now, but we have a few spaces open. If you are a local business that wants to get your message out to the Nuwelcom community, contact Duncan at dm@nuwelcom.com. No guarantees, but we will take on all that we can.

Do you want to reach these committed local residents? Do you have a product or service that you think they should know about. We can help. Write to us at sales@nuwelcom.com

Front Line Services

People who don't speak English or French have a hard time understanding what front line folks are explaining to them. It gets even worse when trying to make themselves understood.

For example, law firms have a challenging time at the reception desk. The Law Society of Prince Edward Island, representing the legal community of the province will be holding a "Lunch and Learn" session on May 21, 2026 at noon to introduce their members to NuCHAT.

This is the only free, safe, secure instant translation system in the world (all others track and trace users and sell the data they collect. Nuwelcom does not.)

So, if you want more freedom and effectiveness for your frontline staff, use NuCHAT when trying to communicate in a different language.

Want a virtual workshop like the Law Society of PEI, contact Shane at sm@nuwelcom.com
