HARMONY HOUSE APP IS HERE! NUWELCOM'S FIRST WHITE LABEL DELIVERY

The Harmony House App is available to download now wherever you get your apps.

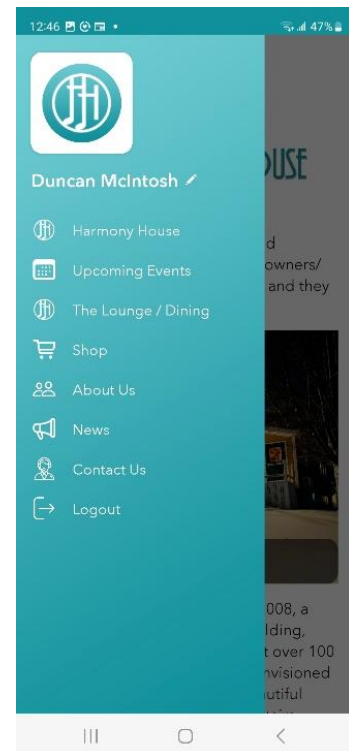

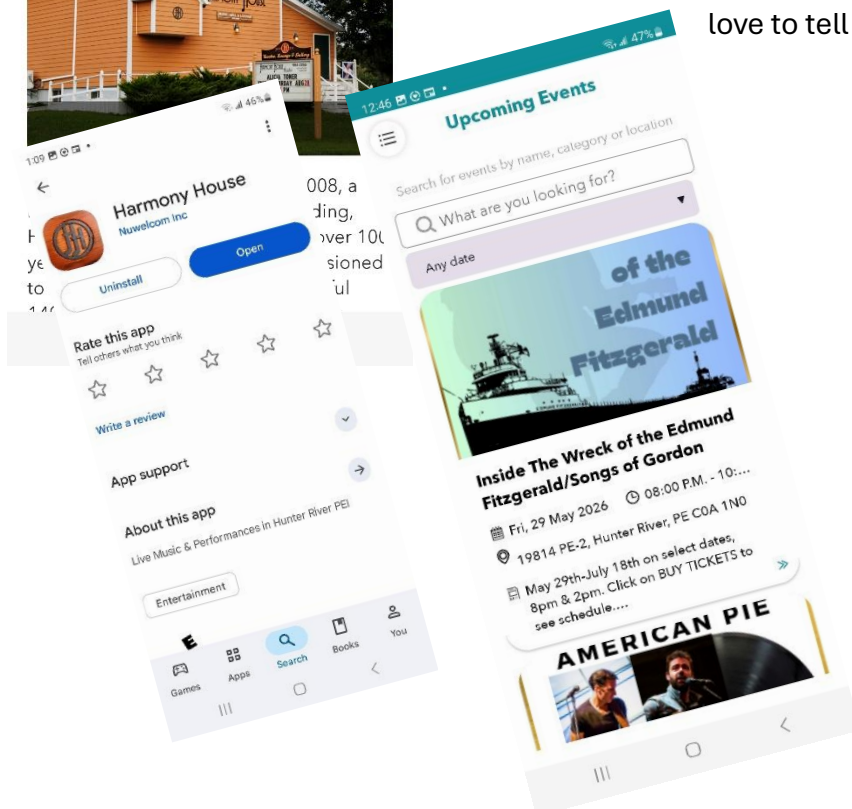

At the end of 2020, Mike Ross and Nicole Bellamy became the new owners/operators of this wonderful spot, and they are so excited about it's future!

Harmony House App is Nuwelcom's first White Label creation. What is a White Label app? This is a pre-built software application developed by one company that other businesses can rebrand. We have used our technology to build an app for Harmony House in Hunter River. This internationally acclaimed music venue that has been transferring their shows to Toronto and the UK, can now communicate with their audiences around the world through their own app. Buy tickets, get their schedule, get on a waiting list for their constantly sold out shows, receive their news instantly, and more all on their app that is free to download.

If you think you would could use your own app for your business, festival or organization at a fraction of the cost it takes to build one from scratch, write to Duncan at dm@nuwelcom.com We would love to tell you what we can do for you.

BUILDING STRONGER COMMUNITIES FASTER

BASEBALL & THE ARTS ON THE KIDS' HUB

The Kids Hub will be free for Nuwelcom users when it launched later this month. It is the largest addition we have created to our app. It will take 12 months to complete.

Phase one is about to be published. It will include contact information about all Baseball for kids on the Island. It will be the only stop needed to get all information on games, practices, notifications for all sports for kids and youth on PEI. We are starting with the complete Baseball information available this month.

And we are filling in the Arts Hub, too.

THE ARTS ON KIDS' HUB

The Arts section is NOW AVAILABLE for arts teachers, schools and organizations that provide arts training for kids and youth on Prince Edward Island to list their classes for free. All art forms, all ages, all locations. Tell all the budding artists (and their parents) what arts training you offer on the Nuwelcom Kids Hub. Go to

www.nuwelcom.com/arts

All you need is a free Nuwelcom account that you get when you download Nuwelcom for free wherever you get your apps.

Help the Kids Hub come to life with your art and teaching!

BUILDING STRONGER COMMUNITIES FASTER

WELCOME NUWELCOM CLUB FOUNDING PARTNERS

We are delighted to welcome The Provincial Credit Unions, Key Murray Law and Golf PEI as Founding Partners of the Nuwelcom Club.

The Nuwelcom Club offers discounts from local grocery stores, restaurants and coffee shops, entertainment and more all made possible by support from fine local businesses like these three. All Nuwelcom members will be able to use all discounts when they are live. Watch our app for the launch date – coming soon.

BUILDING STRONGER COMMUNITIES FASTER

TOURISM OPERATORS: DO YOU HAVE TROUBLE UNDERSTANDING YOUR GUESTS WHEN THEY DON'T SPEAK YOUR LANGUAGE?

People who don't speak English or French have a hard time understanding what front line folks are explaining to them. It gets even worse when trying to make themselves understood.

NuChat is the only free, safe, secure instant translation system in the world (all others track and trace users and sell the data they collect. Nuwelcom does not.) It is available for free when you download Nuwelcom.

So, if you want more freedom and effectiveness for your frontline staff, use NuCHAT when trying to communicate in a different language. Try it out on your Nuwelcom app.

Want a virtual workshop like we provided for the Law Society of PEI? Contact Shane at sm@nuwelcom.com

Nuwelcom now has more than 19,000 daily readers. We are headed for 30,000 by this time next year.

Want to reach those readers directly? Advertise with us.

Would like a rate sheet? Write to Shane at sm@nuwelcom.com and we will send you one.
